About Pals For Life, bringing pets to those who need them

We are a non-profit organization founded in 1985 that brings pets such as dogs, kittens and rabbits to visit the residents of nursing homes, mental health facilities, rehabilitation centers and senior centers. We offer a Read to Pet Pals program to libraries and schools, which enables children to improve their literacy skills and self-esteem by reading to a loving audience of dogs.. In addition, we go to colleges during final exams to help students reduce their stress.
